

NEW Stiffer Body!

Conquistador

GREAT PRICE

TOP PICK II

THROW AWAY YOUR CONQUERORS!
Great technology gives us this superior tool. New stiffer body and featured in a high visibility color so you won't leave your favorite tool in a car. 6.5" Rubber edge is molded to the body (not glued) and will not peel away. A true must have for any serious tinter.

NEW! Conquistador A202

These tools work so well on back windows, you would think they came from NASA.

Side Swiper with blade

A200 (6" wide blade)

A super stiff tool for automotive installation. Replaceable Blue Max insert for a long life. Great for hard to reach back window installations. Replacement blade shown below.

TOP PICK II

NEW! Quick Foot

A212

9.5" overall length for those hard-to-reach installations. This Quick Foot is economical and will help you reach those difficult spots that drive you crazy.

Big Foot

A2404

15" overall length for those hard-to-reach back window installations. Soft rubber handle provides non-slip grip.

Slim Foot

A2401

Big foot's thinner, stiffer cousin. Narrower design at the neck to fit in tight spots.
